

Peer Worker

Level 3

18 Months On Programme
Including 3 Months EPA

Overview

Peer Workers are in a unique position that leverages their personal experiences to offer support and guidance to individuals undergoing significant life changes or challenges. The peer worker role is grounded in the principle of mutual understanding and the shared experiences that foster connection and trust with those they are supporting. By intentionally sharing their own journey, they create a space for open communication, enabling individuals to access various forms of support and rebuild their relationships with services.

The Peer Worker apprenticeship offers a unique blend of experiential learning and formal training, tailored specifically for individuals with lived experience in areas such as mental health, addiction, or social adversity. This programme is designed to enhance the innate skills of peer workers by providing structured learning opportunities that complement their real-world expertise.

Upon Successful Completion Of The Programme:

- Peer Worker Apprenticeship – Pass or Distinction
- Level 2 English and maths (if not exempt)
