

DEVELOPING CAREERS IN ADULT CARE

**Apprenticeships & Qualifications
for the Adult Social Care
Workforce**

WHO IS DYNAMIC TRAINING?

Dynamic Training is an inclusive workforce development partner, working in collaboration with adult social care employers to develop capable, confident teams and drive quality improvement across services. Our practical and flexible training solutions deliver measurable impact, supporting regulatory compliance, service performance, and long-term workforce sustainability. We provide a complete workforce development offer, combining apprenticeships, accredited qualifications, and flexible e-learning programmes, including Anatomy and Physiology.

All programmes are designed to be accessible and inclusive, while remaining aligned to regulatory standards and employer priorities, enabling organisations to build in-house capability, strengthen inspection readiness, and support staff progression and retention.

Our mission is to deliver high-quality, inclusive education that equips healthcare professionals with the skills, behaviours, and confidence to work with integrity, accountability, and effective teamwork. Through our programmes, employers are supported to deliver safe, compassionate, and person-centred care across an evolving adult social care landscape.

WHY CHOOSE DYNAMIC AS YOUR TRAINING PROVIDER?

Training Designed For Real
Services, Real Pressures & Real
Outcomes.

Dynamic's Approach

- Work-embedded, practice-based learning that delivers measurable impact.
- Flexible delivery models designed to fit operational demands.
- Clear progression pathways across adult social care roles.
- Named tutors and Skills & Development Coaches providing consistent, expert support.
- Scenario-based learning aligned to real regulatory and practice challenges.

Our Provision

- Apprenticeships (Levels 2–5)
- Accredited diplomas, certificates, and awards
- Specialist short courses
- Virtual Learning Environment (VLE) enabling scalable, cost effective delivery

HEALTH AND SOCIAL CARE: CARE CERTIFICATE DIGITAL PROGRAMME

Our programme is a knowledge-based digital course that fully covers the knowledge requirements of the Care Certificate standards, and is aligned to the knowledge expectations of the Highfield Level 2 Adult Social Care Certificate.

Designed to support individuals at the start of their career in health and social care, the course provides a strong foundation across the core areas required for safe, effective and person-centred practice.

Learners will develop knowledge in key areas including:

- Understanding own role and responsibilities
- Personal development in adult social care
- Duty of care
- Equality, diversity, inclusion and human rights
- Person-centred practice
- Effective communication
- Privacy and dignity
- Nutrition and hydration
- Mental health and dementia awareness
- Adult and children's safeguarding
- Health, safety and basic life support
- Handling information, data protection and digital safety
- Infection prevention and control
- Learning disability and autism awareness

The programme is designed to fully deliver the underpinning knowledge of the Care Certificate, supporting employers to provide a structured and consistent induction experience. Learning is delivered through a flexible digital platform, incorporating real-life scenarios, reflective activities, knowledge checks and practical examples relevant to health and social care settings.

This enables employers to prepare staff quickly and confidently, ensuring they have the knowledge required before, or alongside, entering a care environment.

Importantly, this programme also forms part of a wider progression pathway. Learners who complete the digital course are well positioned to progress onto the Highfield Level 2 Adult Social Care Certificate, where they will demonstrate competence in the workplace and achieve a fully accredited qualification.

Together, this creates a complete journey from Care Certificate knowledge and induction through to recognised, standards-based certification, supporting both immediate workforce needs and longer-term staff development.

ACCREDITED QUALIFICATIONS OFFER

**Flexible, Employer-Led Training
Beyond Apprenticeships**

**Our Accredited qualifications offer
stands alongside apprenticeships,
giving employers fast, practical
solutions for upskilling, compliance
and progression.**

Level 2: Foundation Knowledge & Confidence

- Level 2 Adult Social Care Certificate
- Level 2 Award in Awareness of Dementia
- Level 2 Award in Awareness of End-of-Life Care
- Level 2 Certificate in Medication Handling & Administration
- Level 2 Certificate in Working with Individuals with Learning Disabilities

Level 3: Skilled Practice & Team Responsibility

- Level 3 Diploma in Adult Care

Level 5: Strategic Leadership & System Influence

- Level 5 Award in Digital Leadership in Adult Social Care
- Level 5 Certificate in Principles of Commissioning for Wellbeing
- Level 5 Diploma in Leadership & Management for Adult Care for registered managers, service leads, commissioners, and senior leaders

Progression To Higher Education UCAS Points

- Level 3 Bridging Programme
- Level 3 Bridging Plus Programme (with science pathway
Progression to nursing, allied health, management, and leadership degrees)

Level 2 Adult Social Care Certificate

Length: 6 - 8 months

Is a nationally recognised qualification, replacing the non-regulated Care Certificate with a portable standard recognised across adult care settings. It develops essential knowledge in personcentred care, safeguarding, equality and inclusion, health and safety, and professional values, with assessment based on real workplace practice. The qualification supports employers to develop staff to a consistent national standard, improve quality and compliance, reduce induction duplication, and create clear progression routes into Level 3 training or apprenticeships

Level 2 Award In Awareness Of Dementia

Length: 3 months

A nationally recognised knowledge-based qualification that builds understanding and confidence in supporting people affected by dementia.

Level 2 Award In Awareness Of End-Of-Life Care

Length: 1 - 3 months (depending on experience)

A knowledge-based qualification that strengthens confidence, empathy, and communication when supporting individuals and families at the end of life .

Level 2 Certificate In Principles of Medication Handing & Administration For Care Setting

Length: 3 months

A nationally recognised qualification that builds safe, compliant medicines practice across health and social care. Learners gain essential knowledge of legislation, administration, record-keeping, safeguarding, and risk management

Learner Feedback

[My tutor] has been incredibly supportive, patient, and thorough in her teaching, and I've already learned so much from her. Her Approach makes it feel clear and manageable...She's an amazing tutor and a real asset to Dynamic Training.

Level 2 Certificate In Principles Of Working With Individuals With Learning Disabilities

Length: Flexible (Typically 3 - 6 months)

This Level 2 certificate provides essential knowledge for supporting individuals with learning disabilities, covering safeguarding, rights, inclusion, autism, and positive risk-taking through a portfolio-based assessment.

Level 3 Diploma In Adult Care

Length: 9 months

Designed for experienced care workers moving into leadership roles, this diploma develops skills in person-centred care, safeguarding, mental capacity, and supervision, with learning directly applied to real workplace practice.

Level 5 Award In Understanding Digital Leadership In Adult Social Care

Length: 5 months

A strategic programme for care managers and leaders, enabling them to lead digital transformation in adult social care. Learners develop the knowledge and confidence to implement technology, manage data governance, and foster a culture of digital innovation.

Level 5 Certificate In Principles Of Commissioning For Wellbeing

Length: 6 months

A strategic Level 5 qualification for professionals working in or alongside commissioning. Learners develop the skills to design, commission, and evaluate services that improve community wellbeing within integrated care systems, translating policy into sustainable, outcomes-focused practice.

Level 5 Diploma In Leadership And Management For Adult Care

Length: 15 months

The flagship qualification for registered and aspiring care managers. This diploma develops strategic leadership, governance, and quality improvement skills required to lead regulated adult care services and meet CQC standards with confidence.

The Bridging Programme (Level 3 UCAS Points)

Length: 10 weeks

A focused academic skills programme designed to prepare experienced health and social care professionals for degree apprenticeships. Learners gain Level 3 credits and UCAS points while building confidence in academic writing, research, and study skills.

The Bridging Plus Programme (Level 3 UCAS Points With Science Units)

Length: 12 weeks

An extended version of the Bridging Programme, including accredited science modules. Ideal for learners progressing into specialist degree pathways such as nursing or physiotherapy, combining academic skills with applied human biology knowledge.

OLIVER MCGOWAN MANDATORY TRAINING

Oliver McGowan Tier 1 Training (Online)

Length: 1 hour

A foundational awareness session for all staff, introducing learning disability and autism, effective communication, reasonable adjustments, and person-centred care. Co-delivered by accredited trainers and experts with lived experience.

Learner Feedback:

This training was exceptional!!

I gained such a lot of information and knowledge from this training that has enabled a much greater understanding of challenges some people face. This enables me to think about certain situations and also consider a persons needs with a greater awareness. very valuable training.

Oliver McGowan Tier 2 Training

Length: 1 full day

A mandatory, in-depth programme for staff providing direct care or support. Covers legislation, LeDeR, STOMP/STAMP, the Mental Capacity Act, and practical strategies for making reasonable adjustments, delivered face-to-face with expert co-trainers with lived experience.

Train the Facilitating Trainer: Oliver McGowan Tier 2

Length: 2 full days

An advanced programme qualifying experienced professionals to become licensed facilitators of Oliver McGowan Tier 2 training. Focuses on content mastery, co-facilitation skills, delivery confidence, and assessment for certification.

E-LEARNING

Fast Flexible Learning For Induction, Compliance & Refresher Training. Dynamic offers access to e-learning courses, providing high-quality, on demand training that fits around shift patterns and service pressures.
