

Associate Project Manager

Level 4

18 Months On Programme
Including 3 Months EPA

Overview

This programme recognises the dynamic scope of managing projects of varying magnitudes and sectors, emphasising the necessity of solid planning, systematic execution, strategic leadership, and transparent communication for project success.

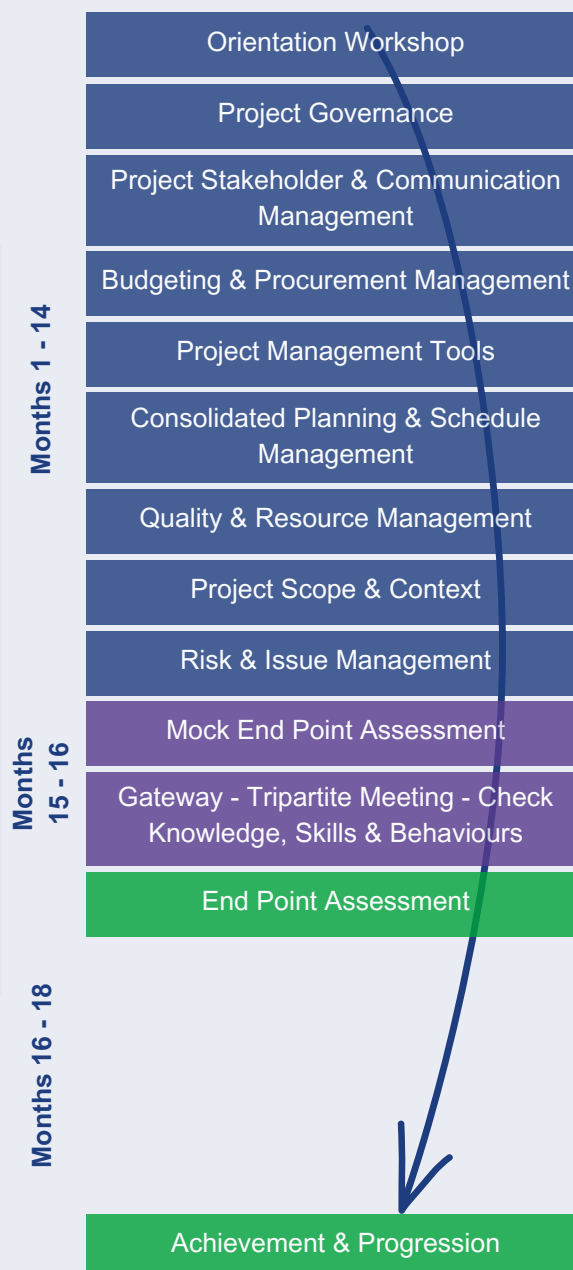

In their daily work, the Associate Project Manager interacts with a range of internal stakeholders, including members of their own team and other departments such as IT, legal, finance, HR or senior management. They also interact with a range of external stakeholders.

Completing our programme will equip participants with a comprehensive skill set, enhanced confidence, and the acumen necessary to navigate and deliver complex projects effectively, setting the stage for accelerated career progression within their current organisational structure.

Upon Successful Completion Of The Programme:

- Apprenticeship in Associate Project Management - Pass, Merit or Distinction
- Level 2 English and maths (if not exempt)
